Project insights

During the spring, various work package tasks have been completed, including piloting and reporting on inclusive education, as well as tasks related to baddies training.

Partners spotlight

Kpedu in brief

The Federation of Education in Central Ostrobothnia, Kpedu is a multidisciplinary and actively developing educational organization that organizes basic and additional vocational secondary education, preparatory education, apprenticeship training and folk high school education. Kpedu is also an active developer of the region and its livelihoods, cooperating with the region's municipalities, business community and other education and development actors. At Kpedu all teaching is in Finnish.

5 locations: Kokkola (head campus), Kannus, Kaustinen, Kälviä and Perho.

News and announcements

All IN EDUCATION project meeting was held in Kokkola on 12-13.5.2026.

A total of 26 participants from five countries participated.

At first, international coordinator Heidi Jokinen spoke about Kpedu and international activities. Anne Eteläaho spoke about the projects and supporting students. Janika Kupila and Tuija Carlsson did a group assignment and talked about their own activities to support students.

We visited the Voimavarapaja and told about the workshop's activities and talked to the students at the workshop. The students were able to eat a free Finnish lunch and get to know each other.

After lunch, we went to Kannus, where more group assignments were offered. Coffee and getting to know sheep and dogs and how they can support people, we also looked at small animals.

After that, we headed to Kälviä to the relaxation room. In the evening, we ate in Kokkolinna.

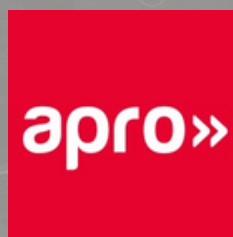

On Wednesday, Johanna Torpa's workshop on empathy, communication and cooperation was held.

During that time, the project managers went through the project's activities and the students told us what field they were from. After that, we took a tour of the school premises, visiting

Helpi, Tuva and Luovi. Niina Hänninen gave a commendable presentation of the welfare sector. After that, we had lunch in Kokkolinna and were ready for Maarika Piispanen's art workshop in the library.

The workshop dealt with emotions and cooperation. After the workshop, we visited the Kieppimuseum. The weather was not favorable, but Janika Kupila and Tuija Carlsson, and on Tuesday David Carlsson with them, transported the participants commendably. All in all, nice workshops with nice people. Thank you Heidi for bringing good projects to Kpedu.
